BALBI2 - BALBI2 (VISORPC + VISORH)

Name:

VISOR HOLDER WITH CLEAR POLYCARBONATE VISOR

Size:

Single

Colour:

Yellow

Description :

Faceshield with front protection + VISORPC visor : clear polycarbonate visor with plastic edge. 39 x 20 cm.

Materials:

Polycarbonate

Strong points:

Ergonomic

300 g

Instructions for use:

These visors are designed to protect the face and eyes against particles projected at high speed, from medium energy impacts (120 m/s) at extreme temperatures ($55\pm 2^{\circ}\text{C}$ & $-5\pm 2^{\circ}\text{C}$) and against the liquids*. Before every use, it is recommended to check the faceshield carefully, and change it if damaged. Before entering a risky area, make certain that the faceshield is comfortably and firmly adjusted on head.

Limits to use:

These visors are not unbreakable and do not protect against fine dust particles, liquid splashes (including molten metals), hot solids, electrical risks, gas, infrared and ultraviolet rays. Only use for the purpose described in the above instructions for use. The materials used in these visors do not contain substances known as being carcinogenic or toxic. However, it is possible that some sensitive people may develop allergic reactions. In this case, stop all use and seek medical advice. Regularly inspect your product and replace any scratched or damaged visors.

Instructions for storage:

Visors must be stored in a cool, dry place away from frost and light.

Instructions for cleaning / maintenance:

They may be cleaned and disinfected with a soft cloth and soap in warm water. Do not use solvents or abrasive products. Used in normal circumstances, these visors offer adequate protection for 6 months or more.

Performances :

Comply with requirements of the European Directive 89/686, special for ergonomics, harmlessness, comfort, airing and flexibility and with the requirements of the European standards EN166/2001 (BT* - optical class 1).
