Lens : polycarbonate
Weight: 26 g

Strong points:
Adjustable and tilting arms.
Soft nose piece.
Comfortable and light.
Sides protections.

Instructions for use:
These goggles protect against low energy shocks of particles thrown at high speed 45m/s and for high temperature (55±2°C and -5±2°C)*. Before every use, it is recommended to check the goggles carefully, and change them if damaged. Before entering a risky area, make certain that the goggles are comfortably and firmly adjusted on head.

Limits to use:
Not to be used for protection against further hazards than defined above. The goggles, when in contact with the skin may cause allergic reactions to susceptible individuals. If this occurs leave the hazard area, remove the spectacles and seek medical advice.

Instructions for storage:
Store in the packaging provided out of direct sunlight, away from chemical and abrasive substances.

Instructions for cleaning / maintenance:
The lenses will be regularly cleaned with clear water with soft detergents (20°C ± 5°C) When unused, do not leave these goggles out of their package, or do not put them near other items such as tools or other metallic objects if they are not protected.

Performances :
Comply with requirements of the European Directive 89/686, special for ergonomics, harmlessness, comfort, airing and flexibility and with the requirements of the European standards EN166:2001 (FT* - Optical Class 1) and
- EN170:2002 (Ultraviolet filters)
